

UNION MEDIA, RESULTS & DIGITAL CONTENT PORTAL

Product Requirements Document (PRD)

Version: 2.0

Prepared For: Union Media Wing

Platform: Web Application

Technology Stack:

- Frontend: React + TypeScript + TailwindCSS
 - Backend: Node.js + Express
 - Database: MongoDB
 - Storage: Cloudinary / AWS S3
 - Authentication: JWT
 - Deployment: Vercel + Render / VPS
-

1. PROJECT OVERVIEW

The Union Media, Results & Digital Content Portal is a centralized platform that manages:

1. Poster Registration Requests
2. Media Workflow
3. Result Management
4. Championship System
5. Student Rankings
6. Program Archives
7. Analytics & Reporting
8. Gallery Management
9. Video Management
10. Public Content Distribution
11. Instagram Feed Integration

The platform serves both administrators and students while maintaining controlled publication workflows.

2. PROJECT OBJECTIVES

Primary Objectives

- Digitize media request workflow
- Centralize result publication
- Automate championship calculations
- Improve transparency
- Provide professional university-level experience

Secondary Objectives

- Eliminate spreadsheet dependency
 - Preserve archives
 - Improve reporting
 - Enhance public engagement
-

3. USER ROLES

Public User

Can:

- Submit poster requests
- View published results
- View leaderboard
- View rankings
- Browse gallery
- Watch videos
- View announcements

Cannot:

- Access draft results
 - Edit records
 - View analytics
 - Manage content
-

Administrator

Can:

- Manage poster requests
 - Manage media
 - Upload gallery content
 - Create draft results
 - Publish results
 - Manage leaderboard
 - Add minus points
 - Generate reports
 - Access analytics
-

4. SYSTEM MODULES

===== MODULE A POSTER REGISTRATION SYSTEM
=====

Purpose: Allow committees and students to request media posters.

Fields:

- Program Name
- Program Title
- Date & Time
- Venue
- Description

Validation:

Requests must be submitted minimum 48 hours before program start.

Automatic Deadline Check:

Current Time < Program Time - 48 Hours

Warning Message:

Warning: Poster registration closes strictly 48 hours before the program starts.

Unregistered poster submissions will be automatically canceled after this period.

Contact Media Chairman.

Workflow:

Submit → Pending → Under Review → Approved / Rejected

Request Status:

- Pending

=====

Purpose: Manage competition results.

Sub Modules:

1. Pre Results
2. Published Results

C1. PRE RESULTS

Access:

Admin Only

Purpose:

Store draft results before publication.

Features:

- Add Result
- Edit Result
- Delete Result
- Verify Result
- Publish Result

Status:

- Draft
- Published

Fields:

- Program Name
 - Participant Name
 - Class
 - Prize
 - Points
-

C2. PUBLISHED RESULTS

Access:

Public + Admin

Features:

- Search Results
- Filter Results
- View Winners
- View Program Results

Display Example:

Debate Competition

1st - Muhammed (S4) 2nd - Ameen (SS1) 3rd - Nihad (S3)

===== MODULE D CHAMPIONSHIP SYSTEM
=====

Classes:

- S1
- S2
- S3
- S4
- S5
- SS1

Point System:

1st Prize = 10 2nd Prize = 7 3rd Prize = 5

Admin can customize points.

Formula:

Net Points = Earned Points - Minus Points

Leaderboard:

Rank Class Earned Minus Net

===== MODULE E MINUS POINT MANAGEMENT
=====

Purpose:

Apply penalties.

Fields:

- Class
- Reason
- Deduction
- Approved By
- Date

Example:

S4 Late Submission -5

===== MODULE F STUDENT RANKING SYSTEM
=====

Purpose:

Track individual achievements.

Formula:

Total Earned Competition Points

Display:

Rank Student Class Points

===== MODULE G PROGRAM ARCHIVE
=====

Purpose:

Maintain historical competition records.

Fields:

- Program Name
 - Category
 - Date
 - Winners
 - Participants
-

===== MODULE H RESULT DASHBOARD
=====

Route:

/admin/results-dashboard

Hero Section:

RESULT MANAGEMENT SYSTEM

Manage, Review, Publish and Analyze Competition Results

Quick Actions:

- Add Result
- Pre Results
- Published Results

Statistics:

- Draft Results
- Published Results
- Programs
- Participants

Widgets:

- Recent Draft Results
- Recent Published Results
- Leaderboard Preview

===== MODULE I WELCOME POPUP
=====

Displayed:

First login only.

Message:

Welcome to Result Portal

Manage competitions efficiently.

Features:

✓ Draft Result Storage ✓ Publish Results ✓ Championship Leaderboard ✓ Student Rankings ✓ Analytics

Storage:

Browser Local Storage

===== MODULE J RESULT ANALYTICS
=====

Purpose:

Provide insights.

Metrics:

- Draft Results Count
- Published Results Count
- Total Programs
- Total Participants

Charts:

- Draft vs Published
- Monthly Trends
- Class Performance
- Prize Distribution

===== MODULE K REPORTS
=====

Export Formats:

- PDF
- Excel
- CSV

Reports:

- Result Report
- Championship Report
- Program Report
- Ranking Report

===== MODULE L MEDIA GALLERY MANAGEMENT
=====

Purpose:

Store and publish media assets.

Categories:

1. Posters
2. Posts
3. Videos

Admin Features:

- Upload
- Edit
- Delete
- Publish
- Feature Content

Fields:

- Title
- Description
- Category
- Thumbnail
- Media File

Supported Formats:

Images:

- JPG
- PNG
- WEBP

Videos:

- MP4
- MOV

===== MODULE M PUBLIC GALLERY
=====

Route:

/gallery

Sections:

1. Posters
2. Posts
3. Videos

Display:

Grid Layout

Search:

- Category Filter
- Keyword Search

===== MODULE N FEATURED CONTENT
=====

Homepage Section

Displays:

- Latest Poster
- Latest Video
- Latest Result
- Upcoming Program

===== MODULE O INSTAGRAM INTEGRATION
=====

Purpose:

Display official Instagram content.

Features:

- Latest Posts
- Latest Reels
- Auto Sync
- Public Viewing

Limitations:

Cannot:

- Like Posts
 - Increase Instagram Views
 - Access User Accounts
-

5. DASHBOARD

Main Dashboard Cards

- Poster Requests
- Draft Results
- Published Results
- Total Programs
- Students Ranked
- Gallery Items
- Videos Uploaded

Recent Activity Feed

Latest:

- Requests
 - Results
 - Uploads
-

6. DATABASE DESIGN

Collections:

users

settings

7. SECURITY

Authentication:

JWT

Authorization:

Role Based

Roles:

- Public
- Admin

Security Features:

- Password Hashing
 - Protected Routes
 - Session Expiry
 - API Validation
-

8. RESPONSIVE DESIGN

Devices:

- Mobile
- Tablet
- Desktop

Browsers:

- Chrome
 - Edge
 - Firefox
 - Safari
-

9. PERFORMANCE REQUIREMENTS

Page Load: < 2 Seconds

API Response: < 500ms Average

Image Optimization: Required

Lazy Loading: Required

10. SUCCESS METRICS

Media Requests: 100% Digital

Result Publication: 100% Online

Leaderboard: Automatic Calculation

Reports: One-click Export

Student Access: Mobile Friendly

FINAL PRODUCT VISION

A professional university-style digital operations portal that combines:

• Poster Registration • Media Request Management • Gallery Management • Posters Archive • Posts Archive • Video Archive • Draft Result Review • Published Results • Championship Leaderboard • Student Rankings • Program Archives • Minus Point Management • Analytics Dashboard • Reports • Featured Content • Instagram Feed Integration

into a single scalable platform powered by React, TypeScript, Node.js, and MongoDB.
